re writing war in contemporary literature and culture beyond post memory is an exploration of war narratives through the lens of postmemory offering a critical re

evaluation of how contemporary literature and cultural products reshape our understanding of past conflicts this volume presents a rich tapestry of perspectives drawing from an array of conflicts and incorporating insights from international experts across various disciplines including contemporary literature film studies visual arts and cultural studies it critically builds upon and extends marianne hirsch s concept of postmemory engaging with complex themes like the ethical dimensions of war writing the authenticity of representations and the creative power of art in reimagining traumatic events this study not only challenges traditional boundaries in war literature and memory studies but also resonates with contemporary concerns about societal engagement with violent pasts making it a significant addition to scholarly discourse and essential reading for those interested in the intersection of history memory and literature

guiding readers through key writers and genres historical contexts and major theoretical approaches this is a comprehensive introduction to the study of popular fiction charting the rise of commercial fiction from the 19th century to today the bloomsbury introduction to popular fiction includes introductory surveys written by leading scholars to a wide range of popular genres including science fiction crime writing romance and chick lit adventure stories and lad lit horror graphic novels children s literature part ii of the book also includes case study readings of key writers and texts from the work of hg wells ian fleming and raymond chandler to more recent books such as pride and prejudice and zombies the book also includes a chapter covering the writer s perspective on popular publishing while annotated guides to further reading and online resources throughout give students the tools they need to pursue independent study on their courses

studies of the english gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture christine berberich challenges this notion by showing that the english gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries focusing on siegfried sassoon anthony powell evelyn waugh and kazuo ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts berberich pays particular attention to the role of nostalgia and its relationship to englishness though englishness and by extension the english gentleman continue to be linked to depictions of england as the green and pleasant land of imagined bygone days berberich counterbalances this perception by showing that the figure of the english gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class

and gender identity
