this book provides a descriptive analysis and critical discussion of the origins development and interrelationships of american political ideas against the background of the birth growth and crises of the republic and the major historical movements of thought main emphasis is on the idea of constitutionalism and related concepts of higher law liberty justice equality democracy and the balanced state as well as underlying notions of human nature motivation and behavior

how do americans think about foundational political questions covering the full span of u s history american political thought an invitation offers a lively yet sophisticated overview of the nature and dynamics of american political thought for students and general readers alike award winning scholar ken kersch s engaging introduction situates the key debates in their historical political and cultural context he introduces the touchstone frameworks and ideas that are both deeply ingrained and yet have been actively re made in a country that has spent 250 years of shifting circumstances battling over their real world implications covering thinkers ranging from jefferson to rawls du bois to audre lorde he examines the ambiguities of the purportedly consensus american principles of liberty equality and democracy as well as addressing questions ranging from what are the foundations of a legitimate political order and what is the appropriate role of government to what are the appropriate terms of full civic membership and beyond politically balanced and inclusive american political thought introduces the contested terrain concerning these core political questions as they were raised over the course of the usa s often dramatic history

in american political thought readings and materials keith e whittington s historical organization of readings and materials offers a fresh alternative to traditional anthologies contextualizing key pieces in new and unique ways

revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful americans have said about the american experience from the colonial period to the present the book examines the political thought of the most important american statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of america this new second edition of the book includes new essays on walt whitman lyndon baines johnson ronald reagan and barack obama significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection

foundations of american political thought readings and commentary explains american historical concepts and key political ideas from 1620 to 1910 in this primer for democracy all verbatim passages and original documents point to their original intentions and ideological movements key terms and basic terminology are incisive and essential for a thorough understanding of democracy

this book represents the setting and trends that produced sound progress in american political growth

the twenty first century presents unique political challenges like increasing concern over racially based police brutality and mass incarceration continuing economic and gender inequality the rise of conservative and libertarian politics and the appropriate role of religion in american politics current scholarship in american political thought research neither adequately responds to the contemporary moment in american politics nor fully captures the depth and scope of this rich tradition this collection of essays offers an innovative expansion of the american political tradition by exposing the major ideas and thinkers of the four major yet still underappreciated alternative traditions of american political thought african american feminist radical and conservative this book challenges the boundaries of american political thinking about such values like freedom justice equality democracy economy rights identity and the role of the state in american life these traditions the various authors show in different ways not only present a much fuller and more accurate characterization of what counts as american political thought they are also especially unique for the conceptual resources they provide for addressing contemporary developments in american politics offering an original and substantive interpretation of thinkers and movements american political thought will help students understand how to put american political thought into conversation with contemporary debates in political theory

the second world war was a crisis not just for america but for the whole of western civilization and in the wake of that war a new crisis arose which came to be called the cold war just when that gave the appearance of being resolved the world reached a new juncture a new crisis which samuel p huntington dubbed the clash of civilizations the statesmen having political responsibility in confronting the first three crises in america s history came as close to philosophic grasp of the problems of liberal democracy as one could demand from those embroiled in the active resolution of events their reflection of political philosophy in the full sense informed their actions

this anthology explores the evolutionary development of american political philosophy from the 1600 s to the present with a focus on the interplay between government authority individual liberty and private property it approaches american political theory as the product of a continuing struggle over and the search for the correct balance between government authority individual liberty and private property provides readings that represent a survey of american political thought since the first english settlements on the continent to the late 1980s examines american foreign policy for its impact on domestic affairs rather than for its impact in other countries

this classic anthology features selections from a rich variety of authors and thinkers examining the origins of our current political values and beliefs and the ways in which we think about the future this updated volume offers a new mix of material including the articles of confederation the populist and progressive party platforms and excerpts from the writings of benjamin franklin and ralph waldo emerson as well as a thoroughly revised introductory essay

revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful americans have said about the american experience from the colonial period to the present the book examines the political thought of the most important american statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of america this new second edition of the book includes chapters on several additional historical figures including walt whitman lyndon baines johnson and ronald reagan as well as a new chapter on barack obama who was not prominent in public life when the first edition was published significant revisions and additions have also been made to many of the original chapters most notably on antonin scalia which now updates his full legacy increasing the breadth and depth of the collection

a history of american political theory is a comprehensive attempt to understand the full sweep of american political thought since the founding working within the liberal progressive tradition merriam reviewed american political history in its entirety from the founding down to his own day he was not out to reduce political thought to a single element such as economics alone his aim was to encompass the whole of modern social science the political science of the liberal progressive tradition has roots and assumptions that were born in this period and nurtured by scholars such as merriam the progressive tradition in general and

Merriam in particular interpreted the rise of a new science of politics that would be required for the liberal progressive world view he represented his work stands at a momentous fork in the road two great traditions of how American democracy should be understood interpreted and analyzed parted company and afterward each went their separate ways these traditions are represented respectively by the founders and the liberal progressives there was much at stake in these academic debates though the consequences were not entirely foreseen at the time an overview of the authors works and general source material covered in history of American political theories is impressive Merriam viewed the study of American democracy as an eclectic activity embracing the broadest definition of the social sciences with particular emphasis on psychology such a transformation required that the social sciences be grouped as a whole rather than fragmented into separate and distinct academic departments Charles Merriam 1874 1953 was professor of political science at the University of Chicago he served on the research committee on social trends under President Herbert Hoover and on the National Resources Planning Board under President Franklin D. Roosevelt he is known as the father of the behavioral movement in political science and believed that theories of political process needed to be linked to practical political activity Sidney A. Pearson Jr is professor emeritus of political science at Radford University he is the series editor of Library of Liberal Thought at Transaction Publishers in addition he also wrote new introductions for presidential leadership the new democracy and party government all available from Transaction
