cybercafes which are places where internet access is provided for free provide the opportunity for people without access to the internet or who are traveling to access mail and instant messages read newspapers and explore other resources of the internet due to the important role internet cafes play in facilitating access to information there is a need for their systems to have well installed software in order to ensure smooth service delivery security and software for cybercafes provides relevant theoretical frameworks and current empirical research findings on the security measures and software necessary for cybercafes offering information

technology professionals scholars researchers and educators detailed knowledge and understanding of this innovative and leading edge issue both in industrialized and developing countries

china has lived with the internet for nearly two decades will increased internet use with new possibilities to share information and discuss news and politics lead to democracy or will it to the contrary sustain a nationalist supported authoritarianism that may eventually contest the global information order this book takes stock of the ongoing tug of war between state power and civil society on and off the internet a phenomenon that is fast becoming the centerpiece in the chinese communist party s struggle to stay in power indefinitely it interrogates the dynamics of this enduring contestation before democracy by following how chinese society travels from getting access to the internet to our time having the world s largest internet population pursuing the rationale of internet regulation the rise of the chinese blogosphere and citizen journalism internet irony online propaganda the relation between state and popular nationalism and finally the role of social media to bring about china s democratization this book offers a fresh and provocative perspective on the arguable role of media technologies in the process of democratization by applying social norm theory to illuminate the competition between the party state norm and the youth subaltern norm in chinese media and society

leisure and power in urban china is the first comprehensive study of leisure activities in a medium size chinese city hitherto studies of chinese leisure have focused on holidays festivals and tourism this however is a study of the kinds of leisure that take place on regular workdays in a local environment of quanzhou city in doing so leisure and power introduces leisure studies to china studies and data from china to the field of leisure studies based on interviews with people from all walks of life and case studies from bookshops internet bars karaoke parlours streets and public squares rolandsen brings to attention the importance of fun and socializing in the lives of chinese urbanites central to the study is the contrast between popular practices and official discourse rolandsen provides in depth analyses of the moralist prc leisure ethic so characteristic of official chinese publications and news media using examples from everyday life as a contrast this study demonstrates that official propaganda has but little influence on how chinese individuals lead their lives taking leisure as a point of departure this book describes the new kinds of interaction between the local party state and the population it seeks to govern this book will be of interest to students and scholars of chinese studies leisure studies urban studies and asian studies in general

digital commerce the use of computer networks to facilitate transactions involving the production distribution sale and delivery of goods and services has grown from merely streamlining relations between consumer and business to a much more robust

phenomenon embracing efficient business processes within a firm and between firms inevitably the related taxation issues have grown as well this latest edition of the preeminent text on the taxation of digital transactions revises updates and expands the book's coverage it includes a detailed and up to date analysis of income tax and vat developments regarding digital commerce under the oecd and g20 base erosion and profit shifting beps reforms it explores the implications of digital commerce for us state sales and use tax regimes resulting from the 2018 us supreme court decision in wayfair it discusses cross border tax in the united states while continuing to focus on tax developments throughout the world analysing the practical tax consequences of digital commerce from a multijurisdictional perspective and using examples to illustrate the application of different taxes to digital commerce transactions the book offers in depth treatment of such topics as the following how tax rules governing cross border digital commerce are increasingly applied to all cross border activities how tax rules and institutional processes have evolved to confront challenges posed by digital commerce how an emerging tax war is developing whereby different countries are unilaterally imposing new tax rules on cross border digital commerce how technology enhances tax and cross border tax information exchanges how technology reduces both compliance and enforcement costs cross border consumption tax issues raised by cloud computing and different approaches to the legal design of vat place of taxation rules the authors offer insightful views on the likely development of new approaches to taxing cross border digital commerce this edition while building on the analysis of the relationship between traditional tax laws and the internet in the first edition and its predecessors contains a more explicit and systematic consideration of digital commerce issues and the ongoing policy responses to them tax professionals and academics everywhere will welcome the important contribution it makes towards the design of cross border tax rules that are both conceptually sound and practical in application a tour de force much larger and richer than its predecessors a massive contribution to the growing literature on the taxation of e commerce rita de la feria british tax review provides important understandings for ongoing policy discussions i would warmly recommend p rendahl world journal of vat gst law
