foreword by colonel dame kelly holmes regardless of one's plans for the future many people's careers are founded on a series of chance encounters experiences and serendipity school college university jobs family sports hobbies friends relationships these are all fertile grounds for career related conversations and explorations what if we teachers guides mentors parents and peers started to notice these seemingly unconnected happenings and indeed started to engineer and encourage them to happen using the mantra every adult is a careers teacher the ladder will inspire teachers to explicitly link their subject area to students futures both in school and outside its walls and support them in doing so bernie draws upon his 30 year career in education and business development to bring clarity focus and ideas to educators as to how they can best start students on their own ladders to success ultimately in writing this book bernie's aim is to bring young people's futures to life with some personal skills reflection and forward planning designed to help them as they embark on their fulfilling futures regardless of their upbringing academic achievements or ethnic background

haters are not your problem ignoring them is eighty percent of companies say they deliver outstanding customer service but only 8 percent of their customers agree this book will help you close that gap by reconfiguring your customer service to deliver knockout experiences the near universal adoption of smartphones and social media has fundamentally altered the science of complaints critics haters can now express their displeasure faster and more publicly than ever these trends have resulted in an overall increase in complaints and a belief by many businesses that they have to pick their spots when choosing to answer criticisms bestselling author jay baer shows why that approach is a major mistake based on an extensive proprietary study of how where and why we complain hug your haters proves that there are two

types of complainers each with very different motivations offstage haters these people simply want solutions to their problems they complain via legacy channels where the likelihood of a response is highest phone e mail and company websites offstage haters don't care if any one else finds out as long as they get answers onstage haters these people are often disappointed by a substandard interaction via traditional channels so they turn to indirect venues such as social media online review sites and discussion boards onstage haters want more than solutions they want an audience to share their righteous indignation hug your haters shows exactly how to deal with both groups drawing on meticulously researched case studies from businesses of all types and sizes from around the world it includes specific play books and formulas as well as a fold out poster of the matrix which summarizes the best strategies for different situations the book is also filled with poignant and hilarious examples of haters gone wild and companies gone crazy as well as inspirational stories of companies responding with speed compassion and humanity whether you work for a mom and pop store or a global brand you will have haters and you can't afford to ignore them baer's insights and tactics will teach you how to embrace complaints put haters to work for you and turn bad news into good outcomes

gathers an impressive group of experts across disciplines to explore who believes in misinformation what effect it has and how to address it brendan nyhan professor of government dartmouth college lies and inaccurate information are as old as humanity but never before have they been so easy to spread each moment of every day the internet and broadcast media purvey misinformation either deliberately or accidentally to a mass audience on subjects ranging from politics to consumer goods to science and medicine among many others because misinformation now has the potential to affect behavior on a massive scale it is urgently important to understand how it works and what can be done to mitigate its harmful effects misinformation and mass audiences brings together evidence and ideas from communication research public health psychology political science environmental studies and information science to investigate what constitutes misinformation how it spreads and how best to counter it the expert contributors cover such topics as whether and to what extent audiences consciously notice misinformation the possibilities for audience deception the ethics of satire in journalism and public affairs programming the diffusion of rumors the role of internet search behavior and the evolving efforts to counteract misinformation such as fact checking programs the first comprehensive social science volume exploring the prevalence and consequences of and remedies for misinformation as a mass communication phenomenon misinformation and mass audiences will be a crucial resource for students and faculty researching misinformation policymakers grappling with questions of regulation and prevention and anyone concerned about this troubling yet perhaps unavoidable dimension of current media systems
