this comprehensive reframing of gilles deleuze as a transcendental empiricist delves into his seminal difference and repetition to unearth a system that inverts the kantian worldview by focusing on deleuze s theory of the faculties we can see how he builds a transcendental system of thought that defies the predictability of empirical experience the place of experience in the way we understand our relation to the world to others and to ourselves is a central theme of modern philosophy deleuze s transcendental empiricism points to an unexplored direction in this major philosophical preoccupation it is a road not taken that against the tide of his times rejected the possibility of an immediate contact with being and embraced the possibility of reaching a real that lay beneath many layers of mediation unlike many of his contemporaries deleuze neither subscribed to a specific philosophical school nor did he try to establish one this new understanding of him as a transcendental empiricist not only helps to situate his work in the constellation of twentieth century french philosophers but also helps us to understand a philosopher for whom difference and heterogeneity were central to his own philosophical corpus

this book seeks to offer a general interpretation and critique of both methodological and substantive aspects of international theory

the relationship between crime and community has a long history in criminological thought from the early notion of the criminogenic community developed by the chicago sociologists through to various crime prevention models in research and policy this book offers a useful theoretical overview of key approaches to the subject of crime and community and considers the ways in which these have been applied in more practical settings written by an expert in the field and drawing on a range of international case studies from europe north america australia and asia this book explores both why and how crime and community have been linked and the implications of their relationship within criminology and crime prevention policy topics covered in the book include the different crime prevention paradigms which have been utilised in the fight against crime the turn to community in crime prevention policy which took place during the 1980s in the uk and us and its subsequent development the particular theoretical and ideological underpinnings to crime prevention work in and with different communities the significance and impact of fear of crime on crime prevention policy different institutional responses to working with community in crime prevention and community safety the ways in which the experience of the uk and us have been translated into the european context a comparison between traditional western responses to the growing interest in restorative and community based approaches in other regions this book offers essential reading for students taking courses on crime and community crime prevention and community safety and community corrections

in an age of diversity and pluralism asks hiedlebaugh communication studies oswego state u of new york how can people talk productively about those issues that most divide them two main sub questions generated by her investigation are how people can reason together to make good decisions when standards for what counts as reasonable vary profoundly and how can they know how to produce good rhetoric when standards for what counts as good are shifting c book news inc
