designed for mba courses this casebook contains cases covering managerial uses of quantitative techniques for example decision analysis
probability competitive analysis regressions forecasting linear programming and extensions

these authors draw on nearly 50 years of combined teaching and consulting experience to give readers a straightforward yet systematic
approach for making estimates about the likelihood and consequences of future events and then using those assessments to arrive at sound
decisions the book's real world cases supplemented with expository text and spreadsheets help readers master such techniques as decision trees
and simulation such concepts as probability the value of information and strategic gaming and such applications as inventory stocking
problems bidding situations and negotiating

issue no 12 a 1983 1990 is a buyer's guide

many wine drinkers would like to be more adventurous but are reluctant to experiment by choosing an unknown wine that may disappoint
there are literally tens of thousands of wines and scores of countries around the globe producing them and shelf after shelf of different merlots
or pinot grigio can be a little intimidating how to choose the right wine is one problem deciding on what to serve it with is another why do
some wines taste better with some foods and why do other wines taste dreadful when paired with certain dishes this comprehensive review of
wine and food offers the information needed so that people will feel empowered and ready to experiment with their wine selections and then
be able to pair them with the right foods for a memorable taste experience every major wine producing country in the world is covered the
wine producing regions within those countries grapes used and the styles of wines made every major cuisine of the world is covered including
many of the most popular dishes the reader is then shown how to marry the right wine with the right food easy and accessible this reference
belongs on the shelves of any true oenophile as well as the novice wine lover

for this powerful successor to his best selling guide to california wine charles e olken has joined forces with joseph furstenthal to craft the new
connoisseurs guidebook to california wine and wineries an encyclopedia atlas and buying guide combined in one comprehensive
authoritative work this new guide delivers information and guidance that is not available in any other place from first page to last it is
geared towards a wide range of consumers yet also offers the depth and detail that made its predecessor one of the most frequently referenced

works by wine educators and industry insiders now organized geographically into eight wine regions the guide has been completely rewritten and expanded to provide the most current information on the state s evolving wine industry its history grapes winemaking terminology geography and leading wineries
