promoting health at the community level speaks directly to the challenges that foundations and funding agencies face in supporting the work of community based groups the seven case studies included in the book correspond to different multi site initiatives funded by the colorado trust a denver based health foundation each case study describes the initiative approach the type of health promotion activities developed by community based grantees the various resources and guidelines provided by the foundation the initial outcomes of the initiative and lessons learned in addition the final chapter pulls together the findings from the seven case studies into a summary set of recommendations for grantmakers addressing issues such as the level and duration of funding different approaches to technical assistance networking among grantees and the development of healthy funder grantee relationships this book is the first book to provide a systematic examination of community based health promotion edited by doug easterling kaia gallagher and dora lodwick this innovative text uses seven case studies to evaluate community driven health promotion and present promising strategies for initiating and sustaining community based efforts individual chapters

describe real world multi site health initiatives and summarize their evaluation outcomes presenting different funding scenarios within varying community settings the case studies cover a wide range of topics including school health education teen pregnancy prevention volunteer service for rural seniors violence prevention home visitation services promoting health at the community level illustrates a number of different strategies for strengthening the capacity of community based organizations to develop and implement health promotion programs the editors provide knowledge based approaches to encouraging local leaders nurturing appropriate networks and creating health promotion programs suited to unique community contexts offering unique lessons for community based coalitions and supportive organizations this book will also inspire academics and students to further explore this innovative approach to health promotion and disease prevention

beginning with a critical appraisal of the concept itself the second edition of health promotion planning and strategies outlines models for defining health promotion and sets out the factors involved in planning health promotion programmes that work locating the principles and strategies of health promotion within an emerging sphere of multidisciplinary health the authors show how these can be applied within a range of contexts and settings in an attempt to bridge the gap that persists between ideological perspectives and practical implementations they delve beyond the rhetoric of empowerment and show how it can be incorporated into practice focusing particularly on the synergistic relationship between policy and education the book re appraises the notion of health education an idea which has become marginalised in recent years and shows the fundamental importance of education in creating individual choice and generating effective advocacy for social change the question of evidence is central to the text and the book examines methods of evaluation and the role it plays in creating more effective health promotion programmes the new edition offers coverage of values and ethics working with communities the settings approach and social marketing it also provides students with a glossary of key terms internationally relevant and multidisciplinary this is an essential text for students of health studies health promotion public health interprofessional social care courses and all healthcare professionals

the authors have joined forces again to reflect upon the ever changing world of health promotion as a result their highly respected textbook has been substantially rewritten to document both theoretical and practical developments within this important sphere of professional activity

conclusion towards the 21st century

since the 1950s and the advance of urban renewal local governments and urban policy have focused heavily on the central business district however such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high rise america this analysis of urban neighborhoods in the united states from 1960 to 1995 presents fifteen essays by scholars of urban planning and development together they show how urban neighborhoods can and must be preserved as economic cultural and political centers

examines indian gaming in detail what it is how it became one of the most politically charged phenomena for tribes and states today and the legal and political compromises that shape its present and will determine its future

what is sustainable development and how will it be managed in the emerging south african context in this challenging and scholarly volume more than 20 researchers offer informed

responses to issues raised by south africa s reconstruction and development programme the reconstruction and development programme rpd will not succeed unless the old style public administration is transformed into a developmental user friendly and results oriented management culture this publication articulates a new theoretical and strategic basis for the dynamic linking of the public administration and development administration disciplines written for the entire range of role players in the development community these studies address the concerns of practitioners and policy makers involved in economic social and institutional change in south africa
