the w114 and w115 models were enormously successful for mercedes benz and their sales in nine years of production between 1967 and 1976 almost equalled the total of all mercedes passenger models built in the 23 years between 1945 and the time of their introduction in 1968 there were many reasons for this success but perhaps the most important was that mercedes expanded the range to include a simply vast amount of variants including four cylinder and six cylinder petrol engines four cylinder diesels saloons coupes and long wheelbase models with around 200 photographs this book features the story of the design and development of the w114 and w115 ranges it gives full technical specifications including paint and interior trim choices includes a chapter on the special us variants gives production tables and model type codes and explores the experimental safety vehicles developed from these cars finally there is a chapter on buying and owning a 114 or 115 series mercedes

at last the definitive history of the hugely successful mercedes benz w123 series written in english by renowned motoring writer brian long produced in saloon sedan coupe estate wagon lwb and chassis only form around 2

700 000 examples of the w123 series were sold between 1976 and 1986 thanks to the full co operation of the mercedes benz factory in stuttgart germany this book covers each and every variant from a worldwide sales perspective and is packed full of information and contemporary colour photographs from both the factory and private collections it is the perfect resource for w123 enthusiasts and followers of mercedes lore

over the next decade two out of every three companies will face the challenge of their corporate lives redefining their core business buffeted by global competition and facing an uncertain future more and more executives will realize that they must make fundamental changes in their core even as they continue delivering the goods and services that keep them in business today unstoppable shows these managers how to look deep within their organizations to find undervalued unrecognized or underutilized assets that can serve as new platforms for sustainable growth drawing on more than thirty interviews with ceos from companies such as de beers american express and samsung it shows readers how to recognize when the core needs reinvention and how to deploy the hidden assets that can be the basis for tomorrow s growth building on the author s previous books profit from the core and beyond the core this book shows how any company in crisis can transform itself to become truly unstoppable

it s hard to believe but the r129 series mercedes benz sl was launched over 20 years ago however its timeless styling has kept it fresh and attractive in the eyes of a new generation of enthusiasts as well as those returning to the car having owned one when they were still in the dealerships a combination of superb original design and peerless engineering and build quality adds to the desirability of this series of classic german machines and has ensured that many of these cars can still be seen in regular use today covering the sl s ever changing specification and its presence in many of the world s major markets is a huge task but it s all presented here in definitive detail along with stunning contemporary photography in a volume that will readily grace any reference library shelf or connoisseur s coffee table two earlier books also published by veloce and covering the w113 cars and the 107 series sl and slc act as perfect companions to this title which takes the sl story up to 2001

the maverick s way of conducting business forswears the leader as commanding general it rejects the practice of top down authoritative command rather it proposes the leader as catalyst conscience and inspirer the true leader sees his job as setting an environment in which new ideas can emerge that neither he nor any other individual anticipated that leap of imagination that moment of genuine creativity can only be inspired by a

leader who encourages exploration and shows a willingness to consider a totally new approach from mind your own business the corporate misdeeds of self serving executives during the high octane economy of the 1990s have forced many people to rethink the qualities that make a strong leader for sixty years sidney harman the chairman and ceo of the world s premier manufacturer of high end audio equipment has stood apart from the crowd building his business the old fashioned way by satisfying customers and in doing so making a healthy profit his refreshingly employee centric bottoms up approach to business is the secret of harman international s continuing success in mind your own business harman shares his visionary ideas about leadership providing a welcome contrast to the bad behavior of business leaders recently dominating the news harman focuses on creating a culture of personal responsibility throughout his company he likens his top management team to a jazz quartet that listens to and improvises with one another to create harmony he stresses the need to do more for workers at every level because employees are the company s most valuable asset at harman international he has established in house classrooms to teach english basic math health and music and encourages his employees to pursue their potential now a hale and healthy eighty five harman thinks that an idea a day is more important than the proverbial apple and that the key to a long life is a restless curiosity in the bestselling tradition of max deprees leadership is an art mind your own business is a frank no nonsense guide for those who want to bring strength vitality and values to their businesses and to their lives
