the jesus trilogy critical reflections on jesus divinity ascension and resurrection brings together three deeply reflective theological essays that challenge and reimagine some of the most enduring assumptions about the person and work of jesus of nazareth written by chris jones this scholarly yet accessible collection invites readers into an honest critical and passionate pilgrimage focused on central christian doctrines not to undermine faith but to recover its depth integrity and human significance the trilogy originated from the suspension of dr peter nagel by the dutch reformed church following his thought provoking article problematising the divinity of jesus why jesus is not  2019 in defending nagel jones began a theological exploration that developed into three interconnected

essays the first in this trilogy of essays examines the question of Jesus divinity tracing how a metaphorical understanding of son of God gradually evolved into an ontological dogma that risks overshadowing the humanity of Jesus the second essay reflects on the ascension through dialogue with the late emeritus professor Andries Gideon van Aarde whose critical yet faithful scholarship deeply shaped Jones's thought the third written in memory of van Aarde explores the resurrection as a metaphor for spiritual transformation and renewed human consciousness rather than a literal physical event drawing on biblical scholarship philosophy and historical theology the Jesus Trilogy argues that Christian faith and ethics should be rooted not in metaphysical speculation but in the radical humanness and moral vision of Jesus his message of mercy justice and inclusivity remains as relevant and transformative today as it was in the first century by recovering Jesus' ethical and spiritual message from the layers of dogmatic tradition Jones offers a compelling contribution to contemporary Christological discourse this book will engage theologians clergy and all studious readers seeking a faith that is intellectually honest ethically grounded and spiritually alive

the reception of early jewish israelite texts in early christianity provides valuable

insights into the hermeneutics of ancient authors and studies in this regard are vital for an understanding of their theology. By focusing particularly on the reception of the psalms through the hand of the unknown author of Hebrews, Old Testament and New Testament scholars combine forces in this collection to determine the shifts in interpretation of the psalms that took place during the processes of re-interpretation within the work of a particular early Christian writer. By paying careful attention to the original readings of the text versions utilized as well as to the manner in which those texts were embedded in a later literary context by the author of Hebrews, they provide a window into the trajectories of the psalm traditions. A contextual contribution illustrates the versification of the psalms in a contemporary African language, Afrikaans, to illustrate how the psalms reception remains a vivid endeavor in current times.

What does it mean to flourish? Human flourishing lies at the heart of the good news of the gospel, and yet contemporary theologians know not only one way of speaking about what it means to flourish. If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted and from which rich fruit may be borne, there is not one but various ways in which to speak about what it means to flourish. Yet what governs our speaking? Why do we speak of flourishing as we do? The various conceptions of human flourishing that are outlined in this book—piety, joy, and comfort, being fully alive, healing, and dignity, grace, happiness, and blessing—represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing. Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human: our longing to flourish.
