as the demand for english language education grows in asia there has been a parallel growth in the development and implementation of standardized tests at the local level offering much needed context on locally produced tests in asia contributors examine emerging models for english language assessment and the impact these large scale tests have on the teaching and learning of english chapters address the following well known and developing high stakes tests in different regions across asia the gept the teps the vstep the cet the eiken and teap and the elpa brought together by world renowned testing assessment scholar cyril weir and the language training and testing center lttc one of asia s leading testing institutions based in taiwan this volume is a useful reference for evaluating developing and validating local tests of english and their societal impact comprehensive and research based chapters cover historic backgrounds sociocultural contexts test quality international standing and future considerations ideal for graduate students researchers and scholars in language assessment tesol tefl and applied linguistics this book will also be of interest to language teaching professionals language test developers and graduate students in asian studies and international education intercultural communication and intercultural studies

this book focuses on strategies and procedures for assessing the academic language ability of students entering an english medium university so that those with significant needs can have access to opportunities to enhance their language skills

focuses on adult learners of english as a second language will equip students with the language and cultural proficiency needed for full participation in american society describes general standards defines language proficiency levels and identifies possible tests for measuring language proficiency designed to assist administrators and teachers in providing programs that promote communication based instruction in which students are engaged in the purposeful use of language

we are delighted to introduce the proceedings of the 3rd english language literature international conference ellic 3 this conference has brought researchers developers and practitioners around the world who are leveraging and developing the english language education literature linguistics and translation we strongly believe that this conference provides a good forum for all researchers developers and practitioners to discuss all scientific aspects that are relevant to digital society especially in the above fields we also expect that the future conference will be as successful and stimulating as indicated by the contributions presented in this volume

this volume is about the applications of networked multimedia to teaching english as a second foreign language tesl tefl or teaching english to speakers of other languages tesol e tesol is generated and adopted as the title of the book because e is nowadays frequently prefixed to many words or terms to represent the integration of information technology it to specific expressions or concepts such as e generation e commerce e trade e store e mail e card e portfolio e learning e schooling etc all the e s at the beginning of the new terms refer to electronic using technology specifically the or telecommunications to deliver or process specified activities therefore the term of e tesol for this book mainly indicates teaching english as a second or foreign language through electronic technologies especially the internet the or the net since we are in a period of rapid change socially politically economically technologically interpersonally

environmentally and culturally the significance of these changes has led many educationalists to call for an educational reformation revolution restructuring it demands a new mindset new methods of operation and perhaps even a new definition of education for the challenges none of these are possible without flexibility creativity and imagination and the willingness to embrace transformation as the earth is becoming a global village the promotion of tesol surely cannot be excluded from this trend as a matter of fact many strategies or policies have been recommended and adopted by esl efl teachers to catch up with the changes with the fast development of information technology internet based tesol has been a good alternative for esl efl teachers and students today the popularity of the internet and the needs of esl efl learners have made the integration of the world wide into tesol not only a possibility but also a necessity let us consider taiwan as an example the ministry of education moe has been promoting the integration of information technology to different subjects including english as one of the top priorities for schools numerous teacher training programs are conducted to carry out this policy many esl efl teachers are sensing the push and the pressure however they always humbly considered themselves computer idiots or e tards slang for someone who is ignorant of the workings of email and the internet because they always excuse themselves with non technology specialists making excuses or not some of them are really e phobic and do not know how to effectively and efficiently integrate computers or the internet into their instruction therefore it is necessary to empower esl efl teachers with the knowledge and skills of the internet technology for successful implementation the primary purpose of this book is to provide in a plain and simple style suggestions and resources for those computer novices this book intends to help and guide esl efl teachers or students who want to facilitate teaching and learning through the internet nevertheless for better understanding some basic knowledge about tesol theories and practices are strongly recommended to carry out the objectives mentioned above practicality feasibility accessibility versatility and comprehension are the principles and guidelines for the composition of this book the potential applications of the internet are comprehensively covered and logically organized in different esl efl skills or categories that is applications for oral or written communication skills integration and language assessment the potential modes and tools are introduced and discussed as completely and comprehensively as possible most if not all of the models introduced in the book are workable and can readily be adopted or adapted they are easily understood they are available for immediate use they are cost effective and can be adopted with low expenditure those high cost applications mentioned in the book are mainly introduced as references most important of all a sophisticated understanding of computers or network hardware is not required for using this book the main body of this book is divided into ten chapters in the first chapter rationales for the applications of networked multimedia to tesol are presented and explored nine reasons are pinpointed and discussed in this chapter in chapter two hardware and software required for successful application are introduced ten hardware and fifteen software requirements are listed and presented graphics are attached to some categories for better understanding chapter three focuses on the applicable modes for esl efl oral communication listening and speaking instruction nine practical and feasible tools are introduced to teachers and students in chapter four the applications of the net to esl efl written communication reading and writing instruction are described and explored five modes for esl efl reading instruction and eight tools for written instruction are recommended chapter five shifts the focus to the applications of the internet to four skills integration listening speaking reading writing

the implementation of content based instruction theme based instruction inquiry based instruction project based learning and collaborative cooperative learning is separately explored and discussed esl efl assessment via the internet is included and introduced in the sixth chapter computer based testing both adaptive and non adaptive online grading online test item generator and electronic portfolio are dealt with in this chapter in chapter seven guidelines for screen design are presented this chapter is intended to help those esl efl teachers who want to integrate computer based instructional media to assist or enhance their presentations and to motivate their students in the eighth chapter applications of web based tesol are discussed ideas and guidelines about applying personal homepage to tesol are recommended in this chapter in chapter nine challenges actions and resources for e tesol are presented the resources introduced in this chapter are grouped under the categories of miscellany conversation listening reading writing etc it is hoped that esl efl teachers and students can determine and identify what they need immediately and easily the last chapter chapter ten deals with computer protection and internet security several free antivirus programs anti spyware software firewalls and password managers are introduced and recommended signs of internet risks and safety tips are also pinpointed and suggested for parents and esl efl teachers to promote smoother and more positive e tesol in addition several topics or questions are posed at the end of each chapter to facilitate better understanding and elicit further discussion and action these topics or questions are all open ended and are designed to stimulate readers curiosity and creativity an index is attached at the end of the book for users to explore and search for appropriate topics conveniently finally the development of the internet technology is surprisingly fast and sometimes dramatically unpredictable although the author has done his best to include all the potential tools and modes for e tesol as comprehensively as possible there will be possibly some left out undoubtedly there will be readers who would not totally accept the recommendations the description of the applications is as it must be a product of the author s personal experience and inquiry suggestions and correction are sincerely welcome readers may visit the e tesol blog created by the author at e tesol blogspot com to share reflections it is strongly hoped that this volume will both inform and stimulate its readers and that it will encourage esl efl teachers and students to experiment with the tools to try them again and again observe the consequences make adjustments and share the experiences chin lung wei clwei dragon nchu edu tw taichung taiwan

the major source of information on the availability of standardized tests wilson library bulletincovers commercially available standardized tests and hard to locate research instruments

education is intimately connected to many of the most important and contentious questions confronting american society from race to jobs to taxes and the competitive pressures of the global economy have only enhanced its significance elementary and secondary schooling has long been the province of state and local governments but when george w bush signed into law the no child left behind act in 2002 it signaled an unprecedented expansion of the federal role in public education this book provides the first balanced in depth analysis of how no child left behind nclb became law patrick mcguinn a political scientist with hands on experience in secondary education explains how this happened despite the country s long history of decentralized school governance and the longstanding

opposition of both liberals and conservatives to an active reform oriented federal role in schools his book provides the essential political context for understanding nclb the controversies surrounding its implementation and forthcoming debates over its reauthorization how the struggle to define the federal role in school reform took center stage in debates over the appropriate role of the government in promoting opportunity and social welfare he places the evolution of the federal role in schools within the context of broader institutional ideological and political changes that have swept the nation since the 1965 elementary and secondary education act chronicles the concerns raised by the 1983 report a nation at risk and shows how education became a major campaign issue for both parties in the 1990s mcguinn argues that the emergence of swing issues such as education can facilitate major policy change even as they influence the direction of wider political debates and partisan conflict mcguinn traces the republican shift from seeking to eliminate the u s department of education to embracing federal leadership in school reform then details the negotiations over nclb the forces that shaped its final provisions and the ways in which the law constitutes a new federal education policy regime against which states have now begun to rebel and that only by understanding the unique dynamics of national education politics will reformers be able to craft a more effective national role in school reform

testing in language programs is a core text for graduate and undergraduate teacher training courses in language testing assessment ideal for both classroom use and personal reference this book targets the need of those making both program level e g admissions proficiency and placement as well as classroom level testing decisions e g assessing what students have learned through diagnostic and achievement testing back cover

this classroom ready resource provides teachers in grades k 8 with specific assessments that can be administered to english language learners within the regular classroom long overdue and with a focus on the needs of english language learners ells within the classroom instructional assessment of english language learners is a unique book designed to teach readers the basic concepts of assessing english today s education courses place an increasing emphasis on the regular classroom teacher to instruct and assess english language learners yet classroom teachers have few resources available to them in regard to assessing ells within their classrooms this book helps readers master the assessments to be administered to english learners and cover a range of literacy skills deemed necessary for english language acquisition and reproduction while also assessing the student s literacy skills in their primary language the overarching goal of this book is to enable teachers to acquire a deep understanding of the value of instructional assessment for ells and the importance of evaluating the results to provide the students with immediate appropriate and meaningful instruction the book addresses the specific areas of language arts related to the development acquisition and reproduction of the english language oral language development and vocabulary concepts of print and the alphabetic strategies word recognition and word identification strategies reading fluency reading comprehension written language development and spelling content area literacy procedural knowledge and problem solving strategies the strategies presented in this text are research based and are known to increase reading comprehension for ells
