the child star is an iconic figure in western society representing a growing cultural trend which idolises castigates and fetishises the image of the perfect innocent and beautiful child in this book jane o connor explores the paradoxical status of the child star who is both adored and reviled in contemporary society drawing on current debates about the commercialisation and sexualisation of childhood and fears about children growing up too soon she identifies hostile media attention around child

stars as indicative of broader social concerns about the correct role and place of children in relation to normative ideals of childhood through reference to extensive empirical examples of the way child stars such as Shirley Temple, Macaulay Culkin, Charlotte Church and Jackie Coogan have been constructed in the media this book illustrates both the powerlessness and the power held by this tiny band of children and demonstrates their significance as representatives of the public face of childhood throughout the twentieth century and beyond

exploring cultural value presents ground breaking new research on the use of the cultural value lens to explain and investigate those areas of society where art and culture can have an impact or add value beyond economic measures

this volume emphasizes the economic aspects of art and culture a relatively new field that poses inherent problems for economics with its quantitative concepts and tools building bridges across disciplines such as management art history art philosophy sociology and law editors Victor Ginsburgh and David Throsby assemble chapters that yield new perspectives on the supply and demand for artistic services the contribution of the arts sector to the economy and the roles that public policies play with its focus on culture rather than the arts Ginsburgh and Throsby bring new clarity and definition to this rapidly growing area presents coherent summaries of major research in art and culture a field that is inherently difficult to characterize with finance tools and concepts offers a rigorous description that avoids common problems associated with art and culture scholarship makes details about the economics of art and culture accessible to scholars in fields outside economics

this book approaches humanism in the new era in China by discussing the nature of value philosophy and by analyzing in depth the significance of value research for China's modernization and future development the author expounds his own point of view on the value of human beings as the foundation of value philosophy and subsequently applies it to understanding conflicting values between China and the West universal values etc in addition he discusses the cultural value concept in China e.g. the craze for traditional Chinese culture value choices in socialism with Chinese characteristics and Deng Xiaoping's Great Practice combining the fields of academic study political affairs cultural communication and social life the book offers a valuable resource for scholars researchers politicians diplomats university students and those who want to study and understand value philosophy Chinese value research and Chinese culture in addition it seeks to realize the value of human beings in culture lastly its discussions on the value concept can facilitate understanding and respect among people's all over the world

the work of the French sociologist Pierre Bourdieu has emerged over the last two decades as one of the most substantial and innovative bodies of theory and research in contemporary social science the craft of sociology both a textbook and an original

contribution to epistemology in social science focuses on a basic problem of sociological research the necessity of an epistemological break with the preconstructed objects social practice offers to the researcher pierre bourdieu and his co authors argue in the epistemological tradition of scholars like bachelard canguilhem koyre a tradition that identifies the construction of the object as being the fundamental scientific act their way of discussing the issue makes it accessible not only to academics and experts of epistemology but also to advanced students of social science using for illustration a wide range of texts from the various social sciences as well as from philosophy of science the book includes an interview with pierre bourdieu and an introduction by the editor to his sociological methodology

this volume explores two themes historical traditions in early modern india et mughal political culture as manifest in the cultures of history writing in bengal it analyses the interaction between islamic cultural traditions in the south asian sub continent with indic vernacular traditions

even in the face of internal disputes between cattlemen and hay cutters the people of fort hall found innovative ways such as participation in new religious experiences cultural redefinition and regular community gatherings to manage the contradictions that stemmed from market integration heaton tells how the shoshone bannocks made a meaningful choice between productive commerce and a more typical reliance on subsistence and wage labor their leaders found new ways to unite disparate bands and kin groups to resist attempts to open reservation land to exploitation by non indians and through careful land cessions they were able to obtain the capital needed to develop reservation resources themselves

o neill chronicles a history of navajo labor that illuminates how cultural practices and values influenced what it meant to work for wages or to produce commodities for the marketplace through accounts of navajo coal miners weavers and those who left the reservation in search of wage work she explores the tension between making a living the navajo way and working elsewhere book jacket

but he does not overlook the tensions the movement encountered with the real politics of the day including the militarism that

led up to world war i the rise of extreme strains of nationalism in germany and japan before world war ii and the bipolar rivalries of the cold war

this study considers why and how the heart became a vital image in victorian poetry it argues that the intense focus on heart imagery in the period highlights anxieties about the ability of poetry to act upon its readers it covers key poems by authors such as tennyson and the brownings and contextualizes them with reference to lesser known works

in this pathbreaking work the author integrates questions of justice and stability through a model of deliberative democracy in the plural polity deliberative democracy and the plural polity provides a realistic but critical reform agenda that can animate struggles for justice in an enormously diverse world

globalisation has caused an increase in the amount of cultural mingling for some people diversity is seen as richness but for others there have been problems of identity and hence conflict this world survey looks at the current debates cultural policies national identity and methods of measuring culture it is backed up by statistical tables and cultural indicators and includes a cd rom of cultural resources on the
