describes the case of a young woman suffering from anxiety attacks explains how hypnosis revealed her  
memories of past lives and discusses the usefulness of regression therapy

as a traditional psychotherapist dr brian weiss was astonished and skeptical when one of his patients  
began recalling past life traumas that seemed to hold the key to her recurring nightmares and anxiety  
attacks his skepticism was eroded however when she began to channel messages from the space between  
lives which contained remarkable revelations about dr weiss family and his dead son using past life therapy  
he was able to cure the patient and embark on a new more meaningful phase of his own career

many lives many masters the true story of a psychiatrist his young patient and past life therapy by brian l  
weiss book summary abbey beathan disclaimer this is not the original book the story about how a skeptical  
doctor discovered evidence on past lives and developed a method using them to cure his patients there are  
many stories about how a skeptic turns into a believer but this one stands out a skeptical doctor was  
astonished when he discovered one of his patients recalling past life traumas those wounds from the past  
seem to be responsible of his recurring nightmares and anxiety attacks doctor weiss manages to channel  
his new knowledge and develop a method called past life regression which recovers memories of  
incarnations in order to address them and cure the patient of his traumas note this summary is wholly  
written and published by abbey beathan it is not affiliated with the original author in any way for truly we are

all angels temporarily hiding as humans brian I weiss after discovering about past lives brian I weiss entered a new phase in his career one that would use memories from the past lives of patients in order to heal them his method of hypnosis worked so he started heading in a new path in order to help each one of his patients his work in parapsychology is outstanding and his method of past life regressions is brilliant definitely a book worth reading a skeptic doctor discovered evidence that baffled him and change his mind about reincarnation p s many lives many masters is an amazing book that shows us a new approach on psychological treatment p p s it was albert einstein who famously said that once you stop learning you start dying it was bill gates who said that he would want the ability to read faster if he could only have one superpower in this world abbey beathan s mission is to bring across amazing golden nuggets in amazing books through our summaries our vision is to make reading non fiction fun dynamic and captivating ready to be a part of our vision mission scroll up now and click on the buy now with 1 click button to get your copy why abbey beathan s summaries how can abbey beathan serve you amazing refresher if you ve read the original book before priceless checklist in case you missed out any crucial lessons details perfect choice if you re interested in the original book but never read it before disclaimer once again this book is meant for a great companionship of the original book or to simply get the gist of the original book one of the greatest and most powerful gift in life is the gift of knowledge the way of success is the way of continuous pursuit of knowledge abbey beathan

the fear of death is only due to ignorance whoever knows this secret removes the veil of the unknown and becomes enlightened with the light of knowledge the content described in the book is not imaginary on the contrary it replete with actual experiences attempt has been made to gather some knowledge and to get acquainted with death and its process whether there is extreme unbearable discomfort at the last stage has been answered as a result of interviews with the spirits one message repeatedly received that is mend your ways otherwise there are problems at the time and after death the purpose of this book is to know what we should do so that death is a pleasant experience quotes of the principle of karmayoga as mentioned in shrimad bhagwat geeta have also been described

people have a wide range of beliefs and attitudes about death some may view it as a natural part of life while others may fear it many religious or spiritual beliefs involve an afterlife while others view death as the end of consciousness some people may find comfort in knowing that death is a release from suffering while others may find solace in the idea of being reunited with loved ones who have passed away grief and mourning are common reactions to the death of a loved one and people may also experience feelings of fear anxiety or uncertainty about their own mortality ultimately people s thoughts and feelings about death are deeply personal and can be influenced by a variety of factors including culture religion and individual life experiences

hindi edition of many lives many masters psychiatrist dr brian weiss had been working with catherine a young patient for eighteen months catherine was suffering from recurring nightmares and chronic anxiety attacks when his traditional methods of therapy failed dr weiss turned to hypnosis and was astonished and skeptical when catherine began recalling past life traumas which seemed to hold the key to her problems

this fascinating case dramatically altered the lives of catherine and dr weiss and provides important information on the mysteries of the mind the continuation of life after death and the influence of our past life experiences on our present behaviour

the gripping new psychological thriller from tanya farrelly

over 500 books are described each entry includes full bibliographic information a description of the contents and additionally in most cases an excerpt is included that gives the flavor of the book pro and anti reincarnation sources are featured for this highly controversial subject an appendix lists organizations that are concerned with reincarnation this will be of interest to religious scholars and students and anyone interested in this fascinating topic

with both wit and empathy kaminer takes on what many people hold sacred book jacket

what happens when we die do we simply cease to exist with our consciousness obliterated for all eternity or do we have an enduring soul that can continue to experience awareness and some form of ongoing life does god exist without a creator how can the universe exist what is the purpose of the universe and what is its ultimate fate does our behavior in day to day life really influence what happens to us after we die why do many people believe in a heaven and a hell what is the basis of these beliefs should we be anxious about our death or just enjoy life in the here and now can these ultimate mysteries be solved by science what does science already know about the mysteries of creation sooner or later all of us will face the stark reality of death many people go through life with an increasing awareness and increasing anxiety about their eventual fate dr don morse a scientist who believed in the absolute finality of death did too then his near

death experience led him on a quest to uncover what science knows about the nature of death dr morse s subsequent spiritual journey led him through the entire realm of science and religious beliefs until he came to an inescapable conclusion some form of an afterlife must exist join dr morse as he summarizes the vast research and data leading to this conclusion near death and out of body experiences experiments creating apparitions research attempting to weight the soul and the wide range of ancient and modern spiritual concepts are all covered in this masterful comprehensive scientific quest for truth back cover
