unlock a new dimension in leadership by asking better questions answers are overrated in an unpredictable world asking the right questions is significantly more powerful than clinging to stale dated answers what you knew yesterday won't always take you where you need to go great leaders stand apart because they know how to ask themselves and their teams questions that spark insight challenge assumptions and drive action 52 big questions for business leaders isn't just a collection of prompts and provocations it's a guide to sharper more intentional thinking whether you're leading a start up or a global enterprise the questions in these pages will help you pause reflect and lead with clarity drawing on decades of leadership experience mike stopforth infuses wisdom wit and practical insight into the art of inquiry because crafting big beautiful questions is a skill worth mastering this isn't a book to read once and shelve it's a tool to return to whenever you need fresh perspective focus or inspiration in the end great leaders aren't defined by the answers they give but by the questions they dare to ask

it is a fact of business life that most managers are promoted into their first management job with hardly any training and if they get promoted again guess what the same thing happens again managers are basically expected to work out how to do a new job by reacting to the pressures the role puts on them they can ask questions to begin with of course but by the time they have been in post for a while they find it difficult to reveal their ignorance or lack of skills to other people so they look for a book that is a one stop shop they don't want to buy a book covering each individual aspect of their work they want it in one place is not too academic or clever you don't need drucker on globalisation when you are trying to make a decision whether or not to hire someone in the paris office gives hard practical advice built on experience rather than management theory works is accessible and easy to use is simple and practical to implement tomorrow 100 business faq's is just that book it gives step by step solutions to sensible questions such as what exactly is in a strategic plan and how do you do risk assessment this book is not a once only read it will become your business bible to be used in anger from day one and referred to throughout the rest of your career the book also gives practical answers to important questions such as how do i gain influence with my boss's boss without annoying my boss answer first make sure that your boss thinks that other people believe that your good ideas are his then make sure that your boss's boss

knows that both your good ideas and your boss's good ideas are really yours remember that success has many parents while failure is an orphan

applied innovation a handbook outlines how a start up ceo can take an innovation from concept to repeat sales including everything from the strategic elements of what innovation is to business models and intellectual property to how one sets up an advisory board etc this work focuses on offering a road map for building a company from the ground up but can be applied to existing firms as well the premise is that anyone can learn and apply the concepts of innovation in any part of their business and personal life if they know what is required
