read by millions since its launch in 2004 bldgblog is the leading voice in speculation about architecture landscape and the built environment now the bldgblog book distills author geoff manaugh s unique vision offering an enthusiastic idea filled guide to the future of architecture with stunning images and exclusive new content from underground exploration to the novels of j g ballard from artificial glaciers in the mountains of pakistan to weather control in olympic beijing the bldgblog book is part conceptual travelogue part manifesto part sci fi novel according to joseph grima executive director of new york s storefront for art and architecture bldgblog is something new and substantially different from anything else i have seen says errol morris director of fast cheap out of control and the academy award winning documentary fog of war secretly i had always hoped it would become a book geoff manaugh has provided the reader with an excursion into a new world part digital fantasy part reality at the intersection of art architecture landscape design and pure ideas like the blog the book is personal idiosyncratic and best of all incredibly interesting

unbored is the book every modern child needs brilliantly walking the line between cool and constructive it s crammed with activities that are not only fun and doable but that also get kids standing on their own two feet if you re a kid you can build a tipi or an igloo learn to knit take stuff apart and fix it find out how to be constructively critical film a stop action movie or edit your own

music do parkour like james bond make a little house for a mouse from lollipop sticks be independent catch a bus solo or cook yourself lunch make a fake exhaust for your bike so it sounds like you re revving up a motorcycle design a board game go camping or glamping plan a road trip get proactive and support the causes you care about develop your taste and decorate your own room make a rocket from a coke bottle play farting games there are gross facts and fascinating stories reports on what stuff is like home schooling working in an office q as with inspiring grown ups extracts from classic novels lists of useful resources and best ever lists like the top clean rap songs stop motion movies or books about rebellion just as kids begin to disappear into their screens here is a book that encourages them to use those tech skills to be creative try new things and change the world and it gets parents to join in unbored is fully illustrated easy to use and appealing to young and old girl and boy parents will be comforted by its anti perfectionist spirit and humour kids will just think it s brilliant

this book is very much about what the name urbantick literally says about the ticking of the urban the urban as we experience it everyday on the bus in the park or between buildings it is about the big orchestrated mass migration of commuters the seasonal blossoms of the trees along the walkway and the frequency of the stamping rubbish eater trucks it is also not to forget about climate infrastructure opening hours term times parking meters time tables growing shadows and moon light but most of all it is about how all this is experienced by citizens on a daily basis and how they navigate within this complex structure of patterns the content of this book is based on the content of the urbantick blog between 2008 2010 one year blogging about this topic brought together a large collection of different aspects and thoughts it is not at all a conclusive view the opposite might be the case it is an exploratory work in progress while trying to capture as many facets of the topic as possible

wonderpedia an encyclopedia neopoprealism journal of books published after year 2000 founded by nadia russ in 2008

a booming subculture is on the rise dubbed urban exploration it involves sneaking into abandoned or off limits factories aviation boneyards decommissioned bases and other derelict features of the military industrial landscape troy paiva is a foremost photographer of the urbex as it s known to its devotees phenomenon and his distinctive blend of atmospheric night photos and lighting effects are the visual hallmarks of a scene that has drawn the increasing attention of the media and the public as seen in recent programs on both the discovery channel urban explorers and mtv fear illuminated by histories of the sites documented night vision reveals the remarkable discoveries of a new generation of explorers

at dwell we re staging a minor revolution we think that it s

possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being we think that good design is an integral part of real life and that real life has been conspicuous by its absence in most design and architecture magazines

from soft politics soft power and soft spaces to fluid territories software and soft programming bracket 2 unpacks the use and role of responsive indeterminate flexible and immaterial systems in design in an era of declared crises economic ecological and climatic among others the notion of soft systems has gained increasing traction as a counterpoint to permanent static and hard systems acknowledging fluid and indeterminate situations with complex feedback loops that allow for reaction and adaptation the possibility of soft systems has reentered the domain of design the examples displayed in bracket goes soft are offered as nothing more than a short catalog of soft systems some explicitly architectural others geological others entirely metaphorical in all cases these examples explore how the notion of going soft can be iterated across professions disciplines and fields of research the book is divided into the themes sensing feedback interfacing enveloping subverting hijacking formatting distributing contingency resilience diffusing generating bracket is a book series structured around an open call that highlights emerging critical issues at the juncture of architecture environment and digital culture the editorial board and jury for bracket 2 includes benjamin bratton julia czerniak jeffrey inaba geoff manaugh philippe rahm charles renfro as well as co editors neeraj bhatia and lola sheppard bracket is a collaboration between infranet lab and archinect

in this highly pertinent issue guest editor nic clear questions received notions of the future are the accepted norms of economic growth and expansion the only means by which society can develop and prosper should the current economic crisis be making us call into question a future of unlimited growth can this moment of crisis economic environmental and technological enable us to make more informed choices about the type of future that we want and can actually achieve architectures of the near future offers a series of alternative voices developing some of the neglected areas of contemporary urban life and original visions of what might be to come rather than providing simplistic and seductive images of an intangible shiny future it rocks the cosy world of architecture with polemical blasts draws on topics as diverse as synthetic space psychoanalysis postmodern geography post economics cybernetics and developments in neurology includes an exploration of the work of jg ballard features the work of ben nicholson

typeface classic typography for contemporary design is a unique sourcebook featuring forty six classic typefaces that continue to resonate with today s most influential graphic designers inside cover

agenda occupies the territory between a monograph diary and a collection of essays interviews and conversations produced by jds architects with a wide range of contributors and collaborators starting from the belief that an agenda is not simply an expression of individual intentions but rather a vector for the production of new realities agenda addresses the need for architecture to transform itself in an era of ecological and economic crisis change the buzzword of the last u s presidential campaign is indeed the order of the day and agenda explores exactly what kind of change will be needed if architects are to assume a political and social agency in this new landscape the book seeks to define not only the work of jds architects but also the challenges and situations confronting young architectural practices emerging at a time of crisis an ambitious attempt to describe the conditions within which architecture is produced today
