this text takes a feminist point of view advocating basic equality of women and men socially economically and politically while reporting research findings information on race age class and sexual orientation is included

in this volume gender serves as a general framework for analyzing the ways people think about mathematical performance language self concept social categories and methods and ways of knowing and creating knowledge a distinguished group of authors shows how various forces in language family practices and education reinforce differentiation among the sex roles this volume attempts to bridge this gap between difference and equality by revitalizing and reinterpreting the concept of gender differences gender and thought places research on women and gender at the heart of many important areas of scholarly inquiry

introduction to psychology of gender that anchors psychological life and personal meaning in social interchanges language societal structures and culture

i love the warmth and wit in this book but i say this in no way to detract from the seriousness of its subject matter and its incisive treatment by mary crawford this is a great book and an important book which articulates current critical thinking about

research around gender and language mary crawford writes brilliantly powerfully and lucidly i thoroughly recommend it british psychological society psychology of women section newsletter this refreshing re evaluation of current wisdom both academic and popular about men s and women s language critically assesses the abundant social science research of recent years and its representation in the mass media exploring a wide range of topics from talk shows to self help books mary crawford offers a new understanding of the role of language practices in both maintaining and disrupting gender inequality the book addresses such provocative questions as why has the study of gender and language so often focused on the limitations of women s talk how do academic practices constrain our understanding of how gender relations are re created and maintained in language use why do assertiveness texts usually ignore indirect modes of speech such as humour and storytelling

how close is feminist psychology to contemporary feminism how can feminist psychological practice address issues of difference between women in meaningful ways what price has feminist psychology had to pay for attempting to engage with mainstream psychology to revise and improve it this book critiques feminist practice within psychology and reflects the diversity from across the globe of feminist struggles around psychology an international group of key feminist psychologists explore the relations between feminist politics and psychological practices in transitional and postcolonial contexts the distinct european traditions of critical psychology and women s studies and psychology s colonial centre in the united

what are the best ways to do research on the psychology of women and gender within feminist psychology there is a great deal of methodological creativity and diversity this volume highlights how familiar methods such as focus groups can be brought to bear on feminist issues it demonstrates less common methods such as q sort phenomenological analysis concept mapping and discourse analysis moreover it explores the role of personal values interpersonal dynamics and sociopolitical influences on the research process over 60 international contributors share insights into adolescent girls and adult women s sexuality violence and its prevention life patterns and narratives the teaching research nexus gender and race in clinical practice and more included is a comprehensive resource guide for research

publication and teaching on methodological diversity

a lively thought provoking exploration of the latest theory and practice in the psychology of women and gender edited by rhoda unger a pioneer in feminist psychology this handbook provides an extraordinarily balanced in depth treatment of major contemporary theories trends and advances in the field of women and gender bringing together contributions from leading u s and international scholars it presents integrated coverage of a variety of approaches ranging from traditional experiments to postmodern analyses conceptual models discussed include those that look within the individual between individuals and groups and beyond the person to the social structural frameworks in which people are embedded as well as biological and evolutionary perspectives multicultural and cross cultural issues are emphasized throughout including key variables such as sexual orientation race ethnicity and social class researchers and clinicians alike will appreciate the thorough review of the latest thinking about gender and its impact on physical and mental health which includes the emerging trends in feminist therapy and sociocultural issues important in the treatment of women of color in addressing developmental issues the book offers thought provoking discussions of new research into possible biological influences on gender specific behaviors the role of early conditioning by parents school and the media the role of mother and mothering gender in old age and more power and gender as well as the latest research findings on american men s ambivalence toward women sexual harassment and violence against women are among the timely topics explored in viewing gender as a systemic phenomenon handbook of the psychology of women and gender is must reading for mental health researchers and practitioners as well as scholars in a variety of disciplines who want to stay current with the latest psychological psychosocial thinking on women and gender

brings together essays by leading scholars to explore the profound impact of feminist scholarship on the major academic disciplines

winner of the 2023 bps book award in the textbook category extremely lively and super smart this feminist companion is indeed the friend you want to sit beside in every social psychology class alexandra rutherford professor historical theoretical
